		3		

Select one graduate level elective course approved by MAE advisor

*Required prior to internship.

TOTAL HRS. FOR DEGREE: _____
(minimum 38 hours required)

All MAE students are required to be continuously enrolled in graduate-level or certification courses (as stated on the student's Individual Plan of Study) at Truman after they complete their internships until and including the semester in which their research and portfolio receive final approval. Final approval occurs during the semester when the completed and signed Report of the Examining Committee form and the Digital Portfolio Approval form have been received in the Graduate Office before the published deadlines for that semester. This enrollment includes spring, fall, and the June summer session. Students may meet this requirement by repeatedly enrolling in ED 681G for 1 hour of credit.
